ITEM No.BoG.34.4.3: FC-27.5: Approval for the upgradation of administrative and technical staff through DPC

The total number of Non-Faculty posts sanctioned for NIT Goa in 2010 is 42, for a student strength relevant to three departments (30 each) started then. P.G (M.Tech) program in three department was started in the academic year 2014-15. Since, then we have been requesting for sanctioning additional posts, based on the growing student intake. However, we have not received any communication on the sanction of additional posts till date. This has eventually led to the stagnation of Non-Faculty employees in the same post for more than 5 years to 9 years (maximum). The timely promotion of the deserving employee will definitely boost the morale of the employee to perform better.

It is requested to kindly approve the upgradation of GP for the non-faculty posts to its next higher level with pay protection, through DPC following all the stipulated norms

Resolution of FC: FC has noted that several non-faculty members are stagnated in the same GP for several years. FC also understands the need for upgradation of their GP through DPC to next higher level. As the institution does not have the vacant sanctioned posts in the higher GP, it has been resolved that the sanction of additional posts based on the present students strength will be taken up in fast track mode by MoE.

Decision of the BoG: Board approved the same
